The Client Services team is busy serving clients in the areas of financial capability, homeownership preparedness, and stability! Congratulations to Daniel & Alyssa who recently purchased our 2017 Women Build property! We are currently supporting and encouraging several other families on their homeownership journeys. Our job is pretty easy when our Construction team delivers such a beautiful market-desired product.

We recently completed our last Veteran Repair project for the 2017-2018 funding year. We now know a disabled veteran has a safe and affordable bathroom remodel thanks to the partnership of Habitat for Humanity International and Home Depot. We are looking forward to their continued partnership and the opportunity to perform more veteran projects in the near future.

Habitat for Humanity MS Gulf Coast recognizes the need for owner-occupied services from the inquiries and requests that pass through our office daily. The Client Services and Development teams are actively pursuing funding specifically for rehab and renovation. Keep your fingers crossed for good news on the rehab and repair front this year! In the meantime, we are steadily plugging away at our weatherization services for qualified MS Power customers.

Our team is constantly seeking, developing, and utilizing processes and programs that encourage and support bright financial futures, and long-term sustainable safe, affordable housing for the MS Gulf Coast area!

It is our pleasure to serve you!

You have been hearing about it and it's finally here --- Women Build 2018 is underway and will continue to May 19th!

One year ago, we opened our ReStore and we are extremely thankful for the support we have received. From our donors, shoppers, volunteers and friends, you sure have made us feel welcome. Speaking of feeling welcome, our customers become our friends and check-out the picture below of the cake one of our friends created to celebrate our anniversary. Russell created this unbelievable sofa cake which even had a ReStore tag on the pillow!

We continue to receive donations on a daily basis, so if you don't see what you are looking for when you visit our store, please make sure to come back. We are sure you will find something that you are looking for your home improvement or DIY projects.
