

December 6, 2018

Greetings!

Looking back at 2018, we at Habitat for Humanity of the Mississippi Gulf Coast are looking at our impact and looking forward to what we can accomplish in 2019. As you can see in our numbers, we have accomplished many things, but Habitat MS Gulf Coast realizes the continued need for much more and without you, our donors, volunteers and advocates this would not be achievable.

In 2018, we have received over 100 inquiries for the need of repair work on the homes of low to moderate income, senior citizens, widows, Veterans, and individuals with disabilities who struggle to maintain their home. We recognize this need, and in 2019, one of the things we are striving to provide in addition to our homeownership program, weatherization program, financial education, financial coaching and ReStore, is to support these individuals with critical needs with our repair program. A decent place to live can remove barriers to opportunity, success and health that might have been a part of a family's life for years, if not generations. With this program and our financial education classes individuals and families can receive the strength, stability and self-reliance to improve their lives.

**Will you make a tax-deductible donation this holiday season and support Habitat MS Gulf Coast with helping neighbors in our community who need it most? Every one of us deserves the opportunity for a better future.**

Please read this narrative of how your gift can help others:

*Mr. Titus is a 63-year-old US Army veteran who has lived in his family home in Moss Point his entire life with the exception of the time of his military service. The house is well over 50 years old and has been maintained as best as possible by Mr. Titus given his limited Social Security income, VA pension, and physical limitations. The flooring was literally sinking, and the home's bathroom toilet was leveled by a brick. Thanks to the Habitat MS Gulf Coast weatherization and veteran repair programs Mr. Titus was able to receive a complete bathroom remodel, HVAC servicing, and attic insulation (to help reduce heating and energy costs). While this work definitely increased the safety of Mr. Titus' home he could truly benefit from a complete flooring system overhaul as his home has more serious structural flooring issues than either program could address.*

Your gift will provide tools and resources to assist families who need a safe, affordable home. By reading the impact above, I hope you will continue to support Habitat for Humanity of the Mississippi Gulf Coast. Together, we can do so much.

Thanking you in advance for your consideration and wishing you a holiday filled with joy and peace.

In partnership,

Chris Monforton  
Chief Executive Officer
