

THANK YOU

Last year, the active hurricane season and the start of the pandemic shifted priorities for many of our neighbors. With this in mind, Habitat MS Gulf Coast’s Women Build, an annual fundraiser for a new home build, became Women [re]Build, an opportunity to broaden our reach, serve more families and fundraise for home repairs. Committee members served as Habitat “Rosies,” channeling their inner “Rosie the Riveter,” and much like Rosie, each of our committee members possessed a strong desire to serve our community. Our Rosies stepped up to the challenge and raised more than \$53,000! We are so very grateful for the Rosies and their supporters who have helped provide opportunities for local families to better their lives through safe shelter.

Why Stock?

While time, money and housing supplies are the most common donations to Habitat, there are several other ways to give as well, including donating your stocks.

Donations of stocks allows us to ensure that even more families have financial foundations and a safe, affordable place to call home.

When you donate stock, you avoid capital gains tax while deducting 100% of the contribution. Meanwhile nonprofits keep the proceeds that would otherwise go to the IRS. When you donate stock, everybody wins!

With stocks near all-time highs, investors need to lock in unrealized gains. As capital gains tax rates increase, stock gifting is even more advantageous. At the same time, nonprofits are seeking new source of funding. That makes this the perfect time to help.

Put stock in something! For more information, contact Lindsay Avery, Director of Resource Development 228.678.9123, or lavery@hfhmqc.org.
